Governor Brendan Byrne  
State House  
Trenton, New Jersey 08625

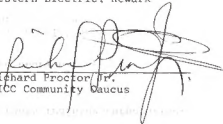

Dear Governor Byrne,

The Business and Industrial Coordinating Council would like to add its voice to the many organizations in Essex County that would like to see the state of New Jersey provide extended funding of the Newark Construction Trades Training Corporation.

The corporation is unquestionably a worthwhile project and is worthy of state funding. Its benefits to the state, the county, Newark and its people are enormous, both economically and socially.

Please act now, in terms of meaningful support for this worthy, top priority cause in our community.
